FOUNDATION (PREP) 2021 TRANSITION INFORMATION

Dear parents

As part of the transition program for Prep 2021 families, during Terms Three and Four we have arranged a series of transition sessions for these students and their families. We strongly recommend that families bring their child to attend ALL of these sessions and participate in the parent workshops offered. The more comfortable the student is about their new environment the more likely they will be to experience success in school. Similarly, the more familiar parents are with what is offered at St Christopher's school and how the programs are run, enhances parent knowledge and this often correlates with a more positive and seamless transition to school.

While the children are attending their own transition session in the various classrooms, members of our staff will hold an information session for parents in the Open Learning Space. These meetings will provide parents with important information about the different kinds of programs that operate within the school and how they are intended to support our partnership with you in fostering your child's learning. They are also a wonderful opportunity for parents to meet other families who will be a part of our St Christopher's community next year. Details of these Transition Sessions are as follows:

Wednesday 2nd September

- Prep Orientation with Prep/Foundation teacher 12:15-1:00pm in **Prep Room**
- Principal Presentation for parents in **Open Learning Area**

Tuesday 15th September
